Dear Parent/Carer,

P7 Transition to Meldrum Academy 2020

First and foremostly, I do hope that this finds you and your families well in these very difficult times.

The transition from Primary to Secondary School is one of the most significant milestones in a young person's life, not only for the young person themselves, but for the whole family. Traditionally, this Summer term would have seen, a range of P7 Transition Activities taking place in various formats over the term. There is no doubt that this year's Transition Activities will look very different. None the less, our aim remains the same - to ensure that we do all we can to ensure as smooth as possible transition for your child from P7 to S1.

At Meldrum Academy our School Motto is 'Working Together for Success' and over the coming weeks a team of staff from both the Meldrum Cluster Primary Schools and Meldrum Academy will be working together to plan a programme of P7 Transition Activities to reflect the unusual circumstances that we find ourselves living in. Regardless of the position we find ourselves in, please be reassured that we are exploring as many ways as possible to deliver transition activities as effectively as possible. More than ever we need to be creative and explore various methods of delivering this programme to give purpose and direction to all the P7 pupils to minimize the concerns they will undoubtedly have at this time.

Once we have planned and prepared this new programme for P7 Transition you and your child will receive further information on how it will be presented. In the meantime, if you have any concerns or questions please do not hesitate to get in touch with myself or your child's P7 Teacher and/or Headteacher. I look forward to meeting you and your child when we return to School in due course.

Kind regards,
Lindsay
